Arguments

Any fool can start arguments, the clever thing is to avoid them. If you are wronged, don’t try to get even; trust God to make it right. The start of an argument is like the first break in a dam; stop it before it goes any further.

Getting involved in an argument that is none of your business is like grabbing a fierce dog by the ears.

Curses cannot hurt you unless you deserve them. It is better to win control over yourself than over whole cities.

If you want people to like you, be forgiving
